

THE CLINICAL NURSE SPECIALIST INSTITUTE

2018 State Initiatives to Defend CNS Scope of Practice

Application due April 2, 2018.

Submit at: info@nacns.org Subject line – “advocacy grant”

The CNS Institute held a targeted fundraising campaign earlier this year to collect revenue for a special fund to be used by NACNS affiliates and other state groups to educate policymakers about the role of clinical nurse specialists and the importance of enabling CNSs to practice to the full scope of their education and training.

Grant amounts will be based on the amount raised during the fundraising initiative.

If selected, awardees must complete a report at the conclusion of their project or initiative that identifies how the funds were used, including a budget, and descriptive evaluation of the project or initiative.

All applicants are strongly encouraged to explore any state and/or federal tax implications that may be associated with this grant, if received.

All applicants must be current NACNS members. Please remember, the applicant must identify how NACNS members will be involved in the project or initiative.

Applicant: _____

Relationships to NACNS: _____

Title of Project or Initiative: _____

Timeline of Project or Initiative: _____

Please describe the project or initiative. (limit 250 words):

How will the project or initiative be evaluated? What constitutes success? (limit 250 words)

Estimated Budget: Please identify how the requested funds will be used and if the project or initiative will use funds from another source. A preliminary budget must be included

Key contact for the project:

Email 1: _____

Email 2: _____

Cell phone: _____

Other phone: _____

Best way to communicate:

Is the contact person currently an NACNS member? Yes No
