3

Medicare Payment Prior to MACRA

Fee-for-service (FFS) payment system, where clinicians are paid based on volume of services, not value.

The Sustainable Growth Rate (SGR)
Established in 1997 to control the cost of Medicare payments to physicians

IF Overall physician costs > Target Medicare expenditures → Physician payments cut across the board

Each year, Congress passed temporary "doc fixes" to avert cuts (no fix in 2015 would have meant a 21% cut in Medicare payments to clinicians)

QUALITY PAYMENT PROGRAM

Overview

5

Quality Payment Program

MIPS and Advanced APMs

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) requires CMS by law to implement an incentive program, referred to as the Quality Payment Program, that provides for two participation tracks:

MIPS
The Merit-based Incentive Payment System (MIPS)
If you decide to participate in MIPS, you will earn a performance-based payment adjustment through MIPS.

OR

Advanced APMs
Advanced Alternative Payment Models (Advanced APMs)
If you decide to take part in an Advanced APM, you may earn a Medicare incentive payment for sufficiently participating in an innovative payment model.

6

Quality Payment Program

Quality Payment Program

Considerations

Improve beneficiary outcomes	Reduce burden on clinicians
Increase adoption of Advanced APMs	Maximize participation
Improve data and information sharing	Deliver IT systems capabilities that meet the needs of users
Ensure operational excellence in program implementation

What is the Merit-based Incentive Payment System?

Performance Categories

Quality

Cost

Improvement Activities

Advancing Care Information

- Moves Medicare Part B clinicians to a performance-based payment system
- Provides clinicians with flexibility to choose the activities and measures that are most meaningful to their practice
- Reporting standards align with Advanced APMs wherever possible

10

Quality Payment Program

When Does the Merit-based Incentive Payment System Officially Begin?

2017 Performance Year

Performance: The first performance period opens January 1, 2017 and closes December 31, 2017. During 2017, you will record quality data and how you used technology to support your practice. If an Advanced APM fits your practice, then you can provide care during the year through that model.

March 31, 2018 Data Submission

Send in performance data: To potentially earn a positive payment adjustment under MIPS, send in data about the care you provided and how your practice used technology in 2017 to MIPS by the deadline, March 31, 2018. In order to earn the 5% incentive payment for participating in an Advanced APM, just send quality data through your Advanced APM.

Feedback

Feedback: Medicare gives you feedback about your performance after you send your data.

January 1, 2019 Payment Adjustment

Payment: You may earn a positive MIPS payment adjustment beginning January 1, 2019 if you submit 2017 data by March 31, 2018. If you participate in an Advanced APM in 2017, then you could earn 5% incentive payment in 2019.

11

MIPS Participation Basics

Must be a MIPS clinician type billing more than \$30,000 a year in Medicare Part B allowed charges **AND** providing care for more than 100 Medicare patients a year.

AND

MIPS clinician types include:

Physicians

Physician Assistants

Nurse Practitioners

Clinical Nurse Specialists

Certified Registered Nurse Anesthetists

12

Who is exempt from MIPS?

Clinicians who are:

- Newly-enrolled in Medicare**
 - Enrolled in Medicare for the first time during the performance period (exempt until following performance year)
- Below the low-volume threshold**
 - Medicare Part B allowed charges less than or equal to \$30,000 a year **OR**
 - See 100 or fewer Medicare Part B patients a year
- Significantly participating in Advanced APMs**
 - Receive 25% of your Medicare payments **OR**
 - See 20% of your Medicare patients through an Advanced APM

13

Quality Payment Program

Non-Patient Facing Clinicians

- Non-patient facing clinicians are eligible to participate in MIPS as long as they exceed the low-volume threshold, are not newly enrolled, and are not a Qualifying APM Participant (QP) or Partial QP that elects not to report data to MIPS
- The non-patient facing MIPS-eligible clinician threshold for individual MIPS-eligible clinicians is ≤ 100 patient facing encounters in a designated period
- A group is non-patient facing if $> 75\%$ of NPIs billing under the group's TIN during a performance period are labeled as non-patient facing
- There are more flexible reporting requirements for non-patient facing clinicians

16

MIPS: Choosing to Test for 2017

Submit Something

- Submit minimum amount of 2017 data to Medicare
- Avoid a downward adjustment

You Have Asked: "What is a minimum amount of data?"

1 Quality Measure OR 1 Improvement Activity OR 4 or 5 Advancing Care Information Measures

17

Individual vs. Group Reporting

Quality Payment Program

OPTIONS

Individual

Group

- 1. Individual**—under an NPI number and TIN where they reassign benefits
- 2. As a Group**
 - 2 or more clinicians (NPIs) who have reassigned their billing rights to a single TIN*
 - As an APM Entity

* If clinicians participate as a group, they are assessed as group across all 4 MIPS performance categories

Register for the CMS Web Interface

Do I need to register?

If your group would like to participate in MIPS via the CMS Web Interface and/or elect to administer the CAHPS for MIPS survey, you should register between April 1 - June 30, 2017.

If your group registered for the GPRO Web Interface in 2016 to report for The Physician Quality Reporting System (PQRS), CMS automatically registered your group to use the CMS Web Interface in 2017 for MIPS. If your group would like to participate through another data submission option, you should "cancel" your election in the registration system between April 1 - June 30, 2017. Please note if under PQRS you elected the CAHPS for PQRS survey, you were not automatically registered to administer the CAHPS for MIPS survey and will need to log in to the registration system to make that election.

Groups that participate in a Shared Savings Program ACO are not required to register; the Shared Savings Program ACO is required to report quality measures on behalf of participating eligible clinicians for purposes of MIPS.

Register for the CMS Web Interface [CF](#)

Do I need to do anything else?

If you registered for the Web Interface in 2016 and wish to continue in 2017, you should review and update any information. [Between April 1, 2016, to April 30, 2017, if](#)

What are the Performance Category Weights?

Weights assigned to each category based on a 1 to 100 point scale

Transition Year Weights			
			
Quality	Cost	Improvement Activities	Advancing Care Information
60%	0%	15%	25%

Note: These are default weights; the weights can be adjusted in certain circumstances.

22

Quality Payment Program

MIPS Performance Category: Quality

- Category Requirements
 - Replaces PQRS and Quality portion of the Value Modifier
 - "So what?"—Provides for an easier transition due to familiarity

60%

60% of final score

Select 6 of about 271 quality measures (minimum of 90 days to be eligible for maximum payment adjustment); 1 must be:

- Outcome measure OR
- High-priority measure—defined as outcome measure, appropriate use measure, patient experience, patient safety, efficiency measures, or care coordination

Different requirements for groups reporting CMS Web Interface or those in MIPS APMs

May also select specialty-specific set of measures

Readmission measure for group submissions that have ≥ 16 clinicians and a sufficient number of cases (no requirement to submit)

23

Quality Payment Program

MIPS Scoring for Quality (60% of Final Score in Transition Year)

Select 6 of the approximately 271 available quality measures (minimum of 90 days)

- Or a specialty set
- Or CMS Web Interface measures
- Readmission measure is included for group reporting with groups with at least 16 clinicians and sufficient cases

Clinicians receive 3 to 10 points on each quality measure based on performance against benchmarks

Failure to submit performance data for a measure = 0 points

Quick Tip: Easier for a clinician that participates longer to meet case volume criteria needed to receive more than 3 points

Bonus points are available

24

Quality Payment Program

MIPS Scoring for Quality (60% of Final Score)

Year 1 participants automatically receive 3 points for completing and submitting a measure

If a measure can be reliably scored against a benchmark, then clinician can receive 3 – 10 points

- Reliable score means the following:
 - Benchmarks exist (see next slide for rules)
 - Sufficient case volume (>=20 cases for most measures; >=200 cases for readmissions)
 - Data completeness met (at least 50 percent of possible data is submitted)

If a measure cannot be reliably scored against a benchmark, then clinician receives 3 points

- Easier for a clinician that participates longer to meet case volume criteria needed to receive more than 3 points

 25

Quality Payment Program Train-the-Trainer

MIPS Scoring for Quality (60% of Final Score)

Bonus Points

Clinicians receive bonus points for either of the following:

1

Submitting an additional high-priority measure

-   2 bonus points for each additional outcome and patient experience measure
-  1 bonus point for each additional high-priority measure

2

Using CEHRT to submit measures to registries or CMS

-  1 bonus point for submitting electronically end-to-end

MIPS Performance Category: Cost

- No reporting requirement; 0% of final score in 2017
- Clinicians assessed on Medicare claims data
- CMS will still provide feedback on how you performed in this category in 2017, but it will not affect your 2019 payments
- **Keep in mind:**
 - Uses measures previously used in the Physician Value-Based Modifier program or reported in the Quality and Resource Use Report (QRUR)
 - Only the scoring is different

28

Quality Payment Program

MIPS Performance Category: Improvement Activities

- Attest to participation in activities that improve clinical practice
 - Examples: Shared decision making, patient safety, coordinating care, increasing access
- **Clinicians choose** from 90+ activities under 9 subcategories:
 1. Expanded Practice Access
 2. Population Management
 3. Care Coordination
 4. Beneficiary Engagement
 5. Patient Safety and Practice Assessment
 6. Participation in an APM
 7. Achieving Health Equity
 8. Integrating Behavioral and Mental Health
 9. Emergency Preparedness and Response

29

Quality Payment Program

Train-the-Trainer

MIPS Performance Category: Improvement Activities – Reporting

- Must perform selected activities for 90 consecutive days
- Must attest each activity performed for 90-day period by selecting “Yes” during reporting
- May report activities through:
 - Qualified Registry
 - Electronic Health Record (EHR)
 - Qualified Clinical Data Registry (QCDR)
 - CMS Web Interface (for groups of 25 clinicians or more)
 - Attestation data submission methods

30

Quality Payment Program

MIPS Performance Category: Improvement Activities

- No clinician or group has to attest to more than 4 activities
- Special consideration for:**
 - Practices with 15 or fewer clinicians
 - Rural or geographic HPSA
 - Non-patient facing
 - APM
 - Certified Medical Home

Keep in mind: This is a new category

33

Quality Payment Program

MIPS Performance Category: Advancing Care Information

- Promotes patient engagement and the electronic exchange of information using certified EHR technology
- Ends and replaces the Medicare EHR Incentive Program (also known as Medicare Meaningful Use)
- Greater flexibility in choosing measures
- In 2017, there are **2 measure sets for reporting based on EHR** edition:

Advancing Care Information
Objectives and Measures

2017 Advancing Care Information
Transition Objectives and
Measures

34

Quality Payment Program

MIPS Scoring for Advancing Care Information (25% of Final Score): Base Score

50%

Base score (worth 50%)

Clinicians must submit a numerator/denominator or Yes/No response for each of the following required measures:

Advancing Care Information Measures

- Security Risk Analysis
- e-Prescribing
- Provide Patient Access
- Send a Summary of Care
- Request/Accept a Summary of Care

2017 Advancing Care Information Transition Measures

- Security Risk Analysis
- e-Prescribing
- Provide Patient Access
- Health Information Exchange

0%

Failure to meet reporting requirements will result in base score of zero, and an advancing care information performance score of zero.

MIPS YEAR 2 (2018)
Who is Included for Year 2?

46

MIPS Year 2 (2018)
Who is Included?

No change in the types of clinicians eligible to participate in 2018

MIPS eligible clinicians include:

Physicians

Physician Assistants

Nurse Practitioners

Clinical Nurse Specialists

Certified Registered Nurse Anesthetists

47

MIPS Year 2 (2018)
Who is Included?

As a reminder: the definition of **Physicians** includes:

- Doctors of Medicine
- Doctors of Osteopathy (including Osteopathic Practitioners)
- Doctors of Dental Surgery
- Doctors of Dental Medicine
- Doctors of Podiatric Medicine
- Doctors of Optometry
- Chiropractors
 - With respect to certain specified treatment, a Doctor of Chiropractic legally authorized to practice by a State in which he/she performs this function.

48

MIPS Year 2 (2018)

Who is Included?

Change to the Low-Volume Threshold for 2018. Include MIPS eligible clinicians billing more than **\$90,000** a year in Medicare Part B allowed charges **AND** providing care for more than **200** Medicare patients a year.

Transition Year 1 (2017) Final

Voluntary reporting remains an option for those clinicians who are exempt from MIPS.

49

MIPS Year 2 (2018)

Who is Exempt?

No Change in Basic Exemption Criteria*

Newly-enrolled in Medicare

- Enrolled in Medicare for the first time during the performance period (exempt until following performance year)

Below the low-volume threshold

- Medicare Part B allowed charges less than or equal to **\$90,000** a year **OR**
- See **200** or fewer Medicare Part B patients a year

Advanced APMs

Significantly participating in Advanced APMs

- Receive 25% of their Medicare payments **OR**
- See 20% of their Medicare patients through an Advanced APM

*Only Change to Low-volume Threshold

50

MIPS Year 2 (2018)

Non-patient Facing

No Change in Non-Patient Facing Criteria

Transition Year 1 (2017) Final

- Individual – If you have ≤ 100 patient facing encounters.
- Groups – If your group has $>75\%$ of NPIs billing under your group's TIN during a performance period are labeled as non-patient facing.

Year 2 (2018) Final

- No Change to Individual and Group policy.**
- NEW - Virtual Groups** are included in the definition.
 - Virtual Groups that have $>75\%$ of NPIs within a virtual group during a performance period are labeled as non-patient facing

New: Virtual Groups

What else do I need to know?

- Solo practitioners and groups who want to form a virtual group must go through the **election process**.
- Virtual groups election must occur **prior** to the **beginning of the performance period** and cannot be changed once the performance period starts.
- Election period is October 11 to December 31, 2017, for the 2018 MIPS performance period.

58

62

MIPS Year 2 (2018)
Quality

What is the significance?

- A measure may be considered topped out if meaningful distinctions and improvement in performance can no longer be made.
- Topped out measures could have an impact on the scores for certain MIPS eligible clinicians, and provide little room for improvement for the majority of MIPS eligible clinicians.

Topped Out Measures:

- Topped-out measures will be removed and scored on 4 year phasing out timeline.
- Topped out measures with measure benchmarks that have been topped out for *at least 2 consecutive years* will receive up to 7 points.
- The 7-point scoring policy for the 6 topped out measures identified for the 2018 performance period is finalized. These measures are identified on the next slide.
- Topped out measures will only be removed after a review of performance and additional considerations.
- Topped out policies **do not apply** to CMS Web Interface measures, but this will be monitored for differences with other submission options.

What is the significance?

- A measure may be considered topped out if meaningful distinctions and improvement in performance can no longer be made.
- Topped out measures could have an impact on the scores for certain MIPS eligible clinicians, and provide little room for improvement for the majority of MIPS eligible clinicians.

Topped Out Measures:

The six topped out measures include the following:

- Perioperative Care: Selection of Prophylactic Antibiotic-First or Second Generation Cephalosporin, (Quality Measure ID: 21)
- Melanoma: Overutilization of Imaging Studies in Melanoma, (Quality Measure ID: 224)
- Perioperative Care: Venous Thromboembolism (VTE) Prophylaxis (When Indicated in ALL Patients), (Quality Measure ID: 23)
- Image Confirmation of Successful Excision of Image-Localized Breast Lesion, (Quality Measure ID: 262)
- Optimizing Patient Exposure to Ionizing Radiation: Utilization of a Standardized Nomenclature for Computerized Tomography (CT) Imaging Description (Quality Measure ID: 359)
- Chronic Obstructive Pulmonary Disease (COPD): Inhaled Bronchodilator Therapy (Quality Measure ID: 52)

MIPS Year 2 (2018)
Cost

Basics:

- Change: 10% Counted toward Final Score in 2018**
- Medicare Spending per Beneficiary (MSPB) and total per capita cost measures are included in calculating Cost performance category score for the 2018 MIPS performance period.
- These measures were used in the Value Modifier and in the MIPS transition year

Change: Cost performance category weight is finalized at 10% for 2018.

- 10 episode-based measures adopted for the 2017 MIPS performance period will not be used.
- We are developing new episode-based measures with significant clinician input and are providing feedback on these measures this fall through field testing.
- This will allow clinicians to see their cost measure scores before the measures are potentially included in the MIPS program.
- We will propose new cost measures in future rulemaking.

65

MIPS Year 2 (2018)
Cost

Basics:

- Change: 10% Counted toward Final Score in 2018**
- Medicare Spending per Beneficiary (MSPB) and total per capita cost measures are included in calculating Cost performance category score for the 2018 MIPS performance period.
- These measures were used in the Value Modifier and in the MIPS transition year

Reporting/Scoring:

- Each individual MIPS eligible clinician's and group's cost performance will be calculated using administrative claims data if they meet the case minimum of attributed patients.
- Individual MIPS eligible clinicians and groups are not required to submit any additional information for the cost performance category.
- Performance is compared against performance of other MIPS eligible clinicians and groups during the performance period so benchmark is not based on a previous year.
- Performance category score is the average of the two measures: Medicare Spending per Beneficiary (MSPB) and total per capita cost measures.
- If only one measure can be scored, it will serve as the performance category score.

66

MIPS Year 2 (2018)
MIPS: Scoring Improvements

New: MIPS Scoring Improvement for Quality and Cost

- For Quality:
 - Improvement scoring will be based on the rate of improvement such that higher improvement results in more points for those who have not previously performed well.
 - Improvement will be measured at the performance category level.
 - Up to 10 percentage points available in the Quality performance category.

- For Cost:
 - Improvement scoring will be based on statistically significant changes at the measure level.
 - Up to 1 percentage point available in the Cost performance category.

67

MIPS Year 2 (2018)
Improvement Activities

Basics:

- 15% of Final Score in 2018
- 112 activities available in the inventory
 - Medium and High Weights remain the same from Year 1
 - Medium = 10 points
 - High = 20 points
- A simple "yes" is all that is required to attest to completing an Improvement Activity

Number of Activities:

- No change in the number of activities that MIPS eligible clinicians must report to achieve a total of 40 points.
- Burden Reduction Aim:** MIPS eligible clinicians in *small practices* and practices in *a rural areas* will continue to report on no more than 2 activities to achieve the highest score.

Patient-centered Medical Home:

- We finalized the term "recognized" is equivalent to the term "certified" as a patient centered medical home or comparable specialty practice.
- 50% of practice sites* within a TIN or TINs that are part of a virtual group need to be recognized as patient-centered medical homes for the TIN to receive the full credit for Improvement Activities in 2018.

*We have defined practice sites as the practice address that is available within the Provider Enrollment, Chain, and Ownership System (PECOS).

MIPS Year 2 (2018)
Improvement Activities

Basics:

- 15% of Final Score in 2018
- 112 activities available in the inventory
 - Medium and High Weights remain the same from Year 1
 - Medium = 10 points
 - High = 20 points
- A simple "yes" is all that is required to attest to completing an Improvement Activity

Additional Activities:

- We are finalizing additional activities, and changes to existing activities for the Improvement Activities Inventory including credit for using Appropriate Use Criteria (AUC) through a qualified clinical support mechanism for all advanced diagnostic imaging services ordered.

Scoring:

- Continue to designate activities within the performance category that also qualify for an Advancing Care Information performance category bonus.
- For group reporting, only one MIPS eligible clinician in a TIN must perform the Improvement Activity for the TIN to receive credit.
- For virtual group reporting, only one MIPS eligible clinician in a virtual group must perform the Improvement Activity for the TIN to receive credit.
- Continue to allow simple attestation of Improvement Activities.

MIPS Year 2 (2018)

Advancing Care Information

Basics:

- 25% of Final Score in 2018
- Comprised of Base, Performance, and Bonus score
- Promotes patient engagement and the electronic exchange of information using certified EHR technology
- Two measure sets available to choose from based on EHR edition.

CEHRT Requirements:

- **Burden Reduction Aim:** MIPS eligible clinicians may use either the 2014 or 2015 CEHRT or a combination in 2018.
- A **10% bonus** is available for using only 2015 Edition CEHRT.

Measures and Objectives:

- CMS finalizes exclusions for the E-Prescribing and Health Information Exchange Measures.

Scoring:

- No change to the **base score** requirements for the 2018 performance period/2020 payment year.
- For the **performance score**, MIPS eligible clinicians and groups will earn 10% for reporting to any one of the Public Health and Clinical Data Registry Reporting measures as part of the performance score.
- For the **bonus score** a 5% bonus score is available for reporting to an additional registry not reported under the performance score.
- Additional Improvement Activities are eligible for a 10% Advancing Care Information bonus for completion of at least 1 of the specified Improvement Activities using CEHRT.
- Total bonus score available is 25%

MIPS Year 2 (2018)

Advancing Care Information

Basics:

- 25% of Final Score in 2018
- Comprised of Base, Performance, and Bonus score
- Promotes patient engagement and the electronic exchange of information using certified EHR technology
- Two measure sets available to choose from based on EHR edition.

Exceptions:

- Based on authority granted by the 21st Century Cures Act and MACRA, CMS will reweight the Advancing Care Information performance category to 0 and reallocate the performance category weight of 25% to the Quality performance category for the following reasons:

Automatic reweighting:

- o Hospital-based MIPS eligible clinicians:
 - o Ambulatory Surgical Center (ASC)—based MIPS eligible clinicians, finalized retroactive to the transition year;
 - o Nurse practitioners, physician assistants, clinical nurse specialist, certified registered nurse anesthetists
 - o Non-patient-facing clinicians and groups
- o Reweighting through an approved application:
 - o **New hardship exception for clinicians in small practices** (15 or fewer clinicians);
 - o **New decertification exception** for eligible clinicians whose EHR was decertified, retroactively effective to performance periods in 2017.
 - o **Significant hardship exceptions**—CMS will not apply a 5-year limit to these exceptions;
- **New deadline of December 31** of the performance year for the submission of hardship exception applications for 2017 and future years.
- Revised definition of hospital-based MIPS eligible clinician to include covered professional services furnished by MIPS eligible clinicians in an off-campus-outpatient hospital (POS 19).

MIPS YEAR 2 (2018)

Performance Threshold and Payment Adjustment

72

MIPS Year 2 (2018)
MIPS: Performance Threshold & Payment Adjustment

Change: Increase in Performance Threshold and Payment Adjustment

Transition Year 1 (2017) Final

- 3 point threshold
- Exceptional performer set at 70 points
- Payment adjustment set at +/- 4%

➔

Year 2 (2018) Final

- 15 point threshold
- Exceptional performer set at 70 points
- Payment adjustment set at +/- 5%

How can I achieve 15 points?

- Report all required Improvement Activities.
- Meet the Advancing Care Information base score and submit 1 Quality measure that meets data completeness.
- Meet the Advancing Care Information base score, by reporting the 5 base measures, and submit one medium-weighted Improvement Activity.
- Submit 6 Quality measures that meet data completeness criteria.

MIPS Year 2 (2018)

Calculating the Final Score

Quality	Cost	Improvement Activities	Advancing Care Information	= 100 Possible Final Points
50	10	15	25	

Remember: All of the performance category points are added together to give you a MIPS Final Score.

The MIPS Final Score is compared to the MIPS performance threshold to determine if you receive a **positive, negative, or neutral payment adjustment.**

76

MIPS Year 2 (2018)

Complex Patient Bonus

New: Complex Patient Bonus

- Up to **5 bonus points** available for treating complex patients based on medical complexity.
 - As measured by Hierarchical Condition Category (HCC) risk score and a score based on the percentage of dual eligible beneficiaries.
- MIPS eligible clinicians or groups must submit data on at least 1 performance category in an applicable performance period to earn the bonus.

77

MIPS Year 2 (2018)

Small Practice Bonus

New: Small Practice Bonus

- 5 bonus points** added to final score of any MIPS eligible clinician or group who is in a small practice (15 or fewer clinicians), so long as the MIPS eligible clinician or group submits data on at least 1 performance category in an applicable performance period.
- Burden Reduction Aim:**
 - We recognize the challenges of small practices and will provide a 5 point bonus to help them successfully meet MIPS requirements.

78

MIPS Year 2 (2018)
Facility-based Measurement

New: Facility-based Measurement

Please note:

- Facility-based measurement policies are finalized, but with a **1-year delay to Year 3 (2019)**.

What you need to know:

- Facility-based measurement assesses clinicians in the context of the facilities at which they work to better measure their quality.
- Voluntary facility-based scoring mechanism will be aligned with the Hospital Value Based Purchasing Program (Hospital VBP) to help reduce burden for clinicians.
- Eligible as individual: You must have 75% of services in the inpatient hospital or emergency room.
- Eligible as group: 75% of eligible clinicians must meet eligibility criteria as individuals.
- Measures will be based on Hospital VBP for quality and cost measures.
- Scores will be derived using the data at the facility where the clinician treats the highest number of Medicare beneficiaries.
- The facility-based measurement option converts a hospital Total Performance Score into a MIPS quality performance category and cost performance category score.

Technical Assistance
Available Resources

CMS has **free** resources and organizations on the ground to provide help to eligible clinicians included in the Quality Payment Program:

PRIMARY CARE & SPECIALIST PHYSICIANS
Transforming Clinical Practice Initiative

- Supports more than 140,000 clinician practices through advice, collaborative and peer-based learning networks over 5 years.
- Practice Transformation Networks (PTNs) and Support Alignment Networks (SANs) are located in all 50 states to provide comprehensive technical assistance, as well as clinic, site, and resources to improve quality of care and reduce costs.
- The goal is to help practices transform over time and meet Merit-Based Incentive Payment System (MIPS) goals.
- Contact TCPI.SCM@hhs.gov for extra assistance.
- Contact TCPI.SCM@hhs.gov for extra assistance.

SMALL & SOLO PRACTICES
Small, Underserved, and Rural Support (SURES)

- Provides outreach, guidance, and direct technical assistance for clinicians in **small practices (10 or fewer)**, particularly those in rural and underserved areas, to promote successful health IT adoption, optimization, and delivery system reform activities.
- Assistance will be tailored to the needs of the clinician.
- There are 11 SURES organizations providing guidance to small practices in all 50 states, the District of Columbia, Puerto Rico, and the Virgin Islands.
- For more information or for assistance getting connected contact QPP@cms.gov

LARGE PRACTICES
Quality Improvement Networks- Quality Improvement Organizations (QIN-QIO)

- Supports clinicians in **large practices (more than 10 clinicians)** in meeting Merit-Based Incentive Payment System requirements through customized technical assistance.
- Includes one-on-one assistance when needed.
- There are 14 QIN-QIOs that serve all 50 states, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

TECHNICAL SUPPORT
