Additional Highlights

- Scientific series of peer reviewed podium, poster and symposium presentations
- Annual NACNS Award presentations and Awards for peer-reviewed poster presentations by students
- Opportunities to network with colleagues and vendors in the Exhibit Hall
- New in 2018 - Four Workshops for more intensive learning opportunities

Forums

- Opioid/Pain Management: Discussion and Identification of CNS Needs
- Chronic Conditions: White Paper Recommendations and Discussion
- CNS Statement Revision Progress Report and Discussion
- Infection Control: Discussion and Identification of CNS Needs

Another unique session this year are forums. Each forum provides the opportunity for conference participants to directly interact with the members of NACNS task forces and earn continuing education credit. These forums are designed to inform the CNS population about the ongoing work of these volunteer expert groups and solicit direct opinions and feedback on how this impacts your clinical practice. Member feedback is critical to our work and this opportunity can't be missed if you're interested in helping direct future initiatives and projects. Forums are routinely one of our highest evaluated sessions! The discussions in forums are a highpoint for many conference attendees!

Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Amedco and National Association of Clinical Nurse Specialists. Amedco is jointly accredited by the American Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement - Amedco designates this live activity for a maximum of 24.50 contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.
