

Facing the Challenge: CNS Role in the Vascular Composite Allograft (VCA) Program

Department *of* Nursing

Lisa Douglas, APRN CNS
Cardiovascular Surgery & Transplant

&

Jen Ferrier, APRN CNS
Cardiovascular Medical

Objectives

- Identify CNS role in program development for a highly specialized, complex and low volume transplant practice
- Describe infrastructure required to support program success
- Examine the role and impact of CNS influence in specialty program development and implementation
- Evaluate patient and program outcomes
