In addition to the opportunities we listed above, NACNS membership provides you with the following:

- The country is just one way to do that. Specialties to ensure delivery of high-quality, evidence-based, patient-centered care. NACNS is the most versatile advanced practice registered nurses and work in a variety of health care settings. NACNS provides a place to exchange information and learn from one another. With all the developments in health care, the changing landscape, and ongoing challenges, NACNS established the Listserv over 14 years ago to provide CNSs with a place to exchange information and learn from one another. While the pandemic begins to subside, only NACNS members will have access to the Listserv. To continue having a timely forum to share information.

- The theme for this week of National Nurses Month is community engagement. Community engagement is especially important as our nation continues to face this pandemic. Many of us are called to serve in our communities, and to provide support to patients and even other nurses and health care providers. - We are pleased to announce that we have partnered with CafePress to create a new and improved NACNS merchandise store. Find out what she had to say from a nurse's perspective on the impact of COVID-19 on the body.

- This #CNSPride video will stay up on the NACNS website, and we would be happy to continue adding more videos to this montage as they come in! If you would like to see yourself or your team added, please contact us at info@nacns.org.

- We have recently developed a premier resource to connect career opportunities with highly qualified CNSs! This career center will provide you with multiple avenues for success, whether you are searching for a new position or a new hire.
