Common Excuses We Hear

"I don't know how to vote."

Once you have familiarized yourself with the candidates, please check your email for your unique ballot code and follow this [link](#) to cast your vote. We have also added these instructions to [our website](#) and listed them below!

"I don't know enough about candidates."

We asked each candidate to tell us more about their background and goals for NACNS. **These Q&A's** should help you feel more confident in choosing your leaders.

"I don't have the time."

Once you get to know the candidates, the voting process should take you no more than two minutes, and it does not require leaving your desk or couch!

"My vote won't make a difference."

Every vote certainly does count! The more members who vote, the better represented the organization will be. As a member of NACNS, you should have a voice in who drives the organization.
